- 6x4 Service Truck
- Supervisor’s Pick-ups (2)
- Laboratory, Office, Weighscale Trailers (1)
- Lunch, Shower, 1st Aid Trailer (1)
- Parts storage van - stocked
- Explosives van/magazine
- Anfo Blend Truck

1.2 DIMENSION STONE EQUIPMENT

The equipment required for Quantum Granite’s aggregate operations has been thoroughly researched by the Company and results are indicated below:

Type of Equipment	Make/Model	No. On-site
Front End Loader	Komatsu W700 with spade nose bucket and block forks (new)	1
Hydraulic Excavator	Komatsu PC 300 with quick coupler, spare buckets, hydraulic hammer (new)	1
AWD Truck	Late model Komatsu HM350	1
GeoDrill	Perfora 200 GeoDrill (new)	1
Rock Buggy	Perfora (new)	1
Support Drilling Equipment	Perfora, including spares inventory package	1

Perfora stone cutting equipment offers the leading innovation in hydraulic mobile equipment, completely independent and suitable for vertical and horizontal drilling on any inclined surface and type of rock. The innovative technology employs self-diagnostic remote systems, remote control deployment and a fifth wheel for a better rotation of the column at 360 degrees.
